

## IMPORTANT UPDATES ON COVID-19

### **May Dugan Center is open and here to help**

May Dugan Center's commitment to the health and safety of our community is paramount. Like all social service organizations in Cuyahoga County, we continue to monitor reports and follow the recommendations of our public health officials about COVID-19. It is important that we continue to provide access to our Center and support to our most vulnerable neighbors and over 6,000 clients while keeping everyone healthy and safe. May Dugan Center is taking precautions to help prevent the spread of coronavirus to clients, volunteers, and staff by following CDC protocols, including mask wearing and maintaining 6 feet of distance between people.

**The May Dugan Center remains open to the public from 8:30am to 5:00pm, Monday through Friday, until further notice.** Should public health officials ask the Center to modify or close operations for the safety and well-being of our community, volunteer, and staff, we will do so immediately. If this happens, we will promptly contact all parties involved and issue a public announcement.

The COVID-19 pandemic is causing great hardship in our community. May Dugan Center like many human service nonprofit organizations is experiencing a massive demand for our food aid and other essential programs. Please consider a donation to May Dugan Center to ensure that all its vital services can continue to operate during this difficult time.
